MEMORANDUM FOR: Director of Security

SUBJECT: Production of a Training Film

1. For some time we have been attempting to establish a priority list for the production of motion picture films requested by various Agency components.

2. A tentative schedule has been drawn up covering those films having priority for production during the calendar years 1957 and 1958. We have included the film you requested for the Office of Security within this schedule and hope that production can be started late in 1957.

3. The Film Production Branch/TR, has a commitment to complete a series of six films on communications. Two have been produced and a third is being edited. In the meantime, a two-reel film of significant priority must be finished for one of the Area Divisions.

4. While work will continue on these two requirements during 1957, it could very well be that research and preliminary writing on the security film could be initiated during the summer months. As soon as our schedule is firm, we will request you to designate someone to work with Mr. [REDACTED] Chief, FPB/TR, on details of the film.
